Message from the Board Chair & President and CEO

The Power of Philanthropy—The fiscal year 2023-24 has been a testament to the incredible power of philanthropy and the enduring impact we can achieve when we come together as a community. Thanks to the dedication of our Staff, the leadership of our Board of Governors, and the commitment of our generous donors and partners, the Foundation continues to thrive as a catalyst for positive change in the Lehigh Valley.

This year, we embraced the power of connection in new and meaningful ways. We are proud to highlight our role in addressing the childcare challenges in the Lehigh Valley. We are going beyond strategic grantmaking to address the early childhood crisis by implementing a multifaceted leadership approach that includes coordination of activities, increasing awareness, and advocating for change. Philanthropy is about harnessing collective energy to create lasting change, and this work exemplifies that mission.

At the heart of all we do is the meaningful effort of connecting people who care to causes that matter. This year, we received \$7.2 million in charitable gifts, a reflection of the shared passion and generosity of our community. We also distributed a total of \$8.1 million in grants and community support, with more than 85% staying within the Lehigh Valley, demonstrating our unwavering commitment to strengthening the region we call home.

We invite you to explore this year's annual report and discover the stories of impact and innovation that define our work. Share these stories with friends, family, and neighbors, and encourage others to join us in harnessing the power of philanthropy to transform lives and communities.

To our donors, partners, and advocates, we offer our deepest gratitude. Your belief in the power of giving fuels everything we do. Together, we are building a brighter future, one gift at a time.

Addressing the Early Childhood Crisis in the Lehigh Valley

The early childhood sector in the Lehigh Valley is in crisis, with profound impacts on families, communities, and the economy. This crisis costs Pennsylvania \$6.65 billion annually, affecting labor force participation, family finances, and children’s learning outcomes. Root causes include disparities in educator salaries, a lack of a sustainable educator pipeline, and fragile business models for childcare centers. Without action, the region faces more program closures, parents leaving the workforce, increased family poverty, and unsafe childcare alternatives.

The Crisis in Numbers

Recent data from 38 childcare providers in Lehigh and Northampton Counties reveals:

- 93 closed childcare classrooms
- 156 unfilled staff positions
- 1,014 more children could be served if fully staffed
- 6,302 eligible children lack access to publicly funded pre-k

Lehigh Valley Community Foundation | Role in Solutions

As a leader in early childhood support, the Lehigh Valley Community Foundation is driving systemic change through collaboration, advocacy, and funding. LVCF’s response is centered on four key pillars:

Coordination and Convening

LVCF played a vital role in the [City of Allentown’s \\$20M Recompete Plan](#), which supports childcare services and workforce development. LVCF’s **Megan Briggs**, Vice President of Community Investments, led the childcare strategy, aimed at increasing access to quality care. LVCF also serves as the convener of the [Early Childhood Action Collaborative](#), uniting stakeholders to improve access, workforce development, and policy reform.

Raising Awareness

LVCF raises awareness through strategic events and partnerships. By working with the Early Childhood Action Collaborative and the Lehigh Valley Chamber of Commerce, LVCF brings the crisis to the forefront at regional forums. Collaborative events with Carbon and Monroe County community foundations further spotlight the issue and engage new stakeholders.

Advocacy and Policy Change

LVCF’s advocacy efforts aim to change regulations, increase funding, and influence public policy. By supporting community organizations advocating for better regulations, LVCF ensures systemic solutions with lasting impact.

Strategic Grantmaking

In 2023-24, [LVCF granted over \\$190,000](#) to nonprofits serving youth and families. Funding priorities included:

High-Quality Childcare Centers: Support for improved infrastructure, staff retention, and expanded access.

Behavioral and Mental Health: Resources for providers to support children with high mental health needs.

Advocacy and Policy Reform: Investments in organizations driving policy change to support the childcare sector.

Impact and the Path Forward

LVCF’s leadership has yielded meaningful outcomes. Federal funding through the Recompete Plan, expanded grantmaking, and coalition-building initiatives are strengthening the early childhood ecosystem. Investments are improving childcare access, supporting workforce development, and reshaping the conversation around early childhood as a community and economic priority.

The road ahead requires sustained investment, policy reform, and collective action. By strengthening partnerships and mobilizing the community, LVCF is helping to build a sustainable, thriving early childhood system that benefits children, families, and the entire Lehigh Valley economy.

Leading the Charge for Equity-Centered Capacity Building

The CORE Fellowship, described as a “movement of love-centered leadership” by Co-Designer Guillermo Lopez, is transforming the Lehigh Valley through equity-driven leadership. By fostering inclusion and community cohesion, the Lehigh Valley Community Foundation is nurturing leaders to prioritize equity within themselves, their organizations, and the nonprofit sector—driving systemic change that extends beyond individual participants in the Fellowship.

Launched in 2022, the CORE Fellowship is a two-year program designed to empower nonprofit leaders to “reimagine” their roles in advancing equity and justice. Through leadership development, cohort convenings, and equity assessments, participants build the knowledge and tools to disrupt systemic racism. To date, 58 leaders from 37 organizations—including nonprofits, corporations, higher education, and government agencies—have engaged with the fellowship. This cross-sector approach strengthens connections and shared accountability for advancing equity. Cohort Two began its equity journey in 2023-24.

Addressing Systemic Inequities in the Lehigh Valley

While the Lehigh Valley is known for its natural beauty and strong industry, disparities in education, home-ownership, and health outcomes persist—especially for communities of color. CORE directly addresses these inequities, encouraging leaders to confront racism in real time. Participants report heightened confidence in identifying and addressing inequities, and cross-sector partnerships have emerged as a result. By promoting shared leadership and collaborative problem-solving, CORE aims to create lasting systemic change.

Impact on Organizations and Communities

The ripple effects of the CORE Fellowship extend beyond individual participants. Organizations like Pinebrook Family Answers, Big Brothers Big Sisters of the Lehigh Valley, and New Bethany Ministries are embedding equity into their daily operations. Pinebrook has placed therapists in schools and partnered with police departments to offer social services, while Big Brothers Big Sisters has adopted youth-centered program design. New Bethany Ministries has revised its policies to better serve housing-insecure clients with dignity and respect. These changes illustrate how organizations can shift their internal policies to prioritize equity, creating lasting impact for the communities they serve.

CORE’s influence extends across the broader nonprofit, corporate, and public sectors. Institutions like Lehigh University, Zoellner Arts Center, and United Way of the Greater Lehigh Valley are embedding equity into their leadership, grantmaking, and hiring practices. Bethlehem, for instance, hired its first Director of Equity and Inclusion as a result of this growing movement. This sector-wide shift is transforming how leadership tables are structured—ensuring that they reflect the diverse voices and lived experiences of the communities they serve. The program empowers organizations to turn learning into tangible action. For example, JustBorn Quality Confections revised its grantmaking process to fund roles like a Criminal Justice Navigator, and the City of Bethlehem adopted an equity-focused strategy for distributing federal American Rescue Plan funds.

Financial Investment and Sustainability

Since 2022, LVCF has invested nearly \$1.2 million into CORE Fellowship initiatives. Each participating organization receives a \$25,000 grant—\$10,000 for general operating support and \$15,000 for equity-centered projects. These financial investments in the program help ensure the long-term sustainability of the fellowship’s impact.

Building a Lasting Network of Equity-Focused Leaders

The CORE Fellowship is more than a training program—it’s a growing network of equity-driven leaders. Participants describe the experience as “profound” and “life-changing,” with many emphasizing the unique and lasting relationships built across sectors. Fellows report that the program has strengthened solidarity, spurred new partnerships, and increased their ability to lead equity-focused change. By fostering shared accountability, the fellowship is driving a collective agenda for equity.

As the CORE Fellowship enters its third year, it shows no signs of slowing. Dedicated staffing resources are now in place to support the program’s expansion and deepen its impact. What began as a leadership program has grown into a movement for equity and justice. With each new cohort, the network of leaders grows stronger, and the Lehigh Valley moves closer to a future where every resident has access to opportunity, dignity, and prosperity.

LVCF Flexes its Partnership in the Arts

Through the Partners in the Arts program, the Community Foundation worked with the Pennsylvania Council on the Arts to distribute grant awards totaling \$105,000 for the Creative Sector Flex Fund and \$46,000 for the Creative Entrepreneur Accelerator Program during FY 24. These important grant programs support projects and programs involving artists throughout Region 5, which includes: Carbon, Monroe, Lehigh and Northampton counties.

In 2023-24, the PCA launched the Creative Sector Flex Fund (CSFF), a new initiative aimed at bolstering the region’s vibrant arts and culture scene. Twenty-one nonprofit arts and culture organizations in the region received grants of \$5,000 each, thanks to the collaborative effort between LVCF and the Pennsylvania Council on the Arts (PCA).

One of the distinguishing features of the CSFF is the flexibility it offers to grant recipients. The \$5,000 grants can be used in various ways to maximize their impact on organizations and communities, including administrative support, programmatic enhancements, and project-related expenses. PPA is administered in this region by the state’s PPA Partner—the Lehigh Valley Community Foundation for Region 5.

Creative Entrepreneur Accelerator Program (CEAP)

Grants in FY 24 were issued to 23 creative entrepreneurs to grow their small businesses. Below are a few examples:

The game is now sold in boutique stores nationwide and at www.flightriskgame.com.

Kyle Edwards, an artist based in Breinigsville, Pa. who creates art and graphic design, large and small-scale murals, inspired apparel, event coordinating and entertainment. He owns and operates Inkwell, LLC. The CEAP grant enabled him to design and print 250 shirts to promote his business at the Allentown Blues, Brews and BBQ event. atruelovestoryllc.com/

Claire Marcus is an artist who specializes mixed media pieces, artist’s books, works on paper, and photography. “This program provided networking opportunities and resources that allowed me to grow my business with materials, time, exhibit opportunities, and new skills. The Power of Philanthropy

"Philanthropy is the catalyst that transforms individual generosity into community impact, and through the power of storytelling and engagement, we amplify every act of giving to inspire even greater change within our community."

PNC Institutional Asset Management Group (IAM) selected as Outsourced Chief Investment Officer

During FY24, the Lehigh Valley Community Foundation selected PNC Institutional Asset Management Group (IAM) as its Outsourced Chief Investment Officer (OCIO) for two of the Foundation’s portfolios. This decision followed a rigorous evaluation process led by LVCF’s ad hoc Investment RFP Committee, which concluded that PNC IAM’s expertise and capabilities aligned most closely with LVCF’s mission and goals.

The committee, chaired by **Denise Blew**, former LVCF board and finance committee member, carefully reviewed proposals from several esteemed firms, conducted interviews and other due diligence measures before recommending PNC IAM. The committee was composed of LVCF board members, staff, and outside financial experts. “We were impressed by PNC IAM’s people, services, and technological capabilities, recognizing the value they will bring to LVCF’s work and asset growth initiatives,” Blew noted. “We are excited about the possibilities this collaboration brings and believe it will contribute positively to our investment outcomes and overall success. I thank the committee members for their commitment, insight, and expertise in guiding the Foundation through this very important process.”

“In 2023, we made the decision to transition to a new OCIO as part of our ongoing commitment to enhancing our investment strategy and ensuring alignment with our organizational goals,” explained **Erika Riddle Petrozelli, CPA, CAP®**, President and CEO of the Community Foundation. “The Foundation conducts periodic reviews and evaluations of our investment program as part of our fiduciary responsibility and commitment to sound governance practices. This includes a thorough assessment of our investment strategy, performance, and investment partners. The decision to open the process reflects our evolving needs and strategic direction.”

“PNC IAM comes highly recommended by other community foundations where they have demonstrated exceptional service and support,” noted **Trisha Higgins, CPA**, Executive Vice President, and CFO of the Foundation who served on the committee. “Their understanding of community foundation dynamics and commitment to assisting organizations like LVCF manage its assets were particularly noteworthy. We were also impressed with PNC IAM’s cutting-edge technology solutions that will enhance LVCF’s operational efficiency by ensuring smooth processes.”

About PNC Institutional Asset Management Group

PNC Institutional Asset Management Group provides comprehensive investment solutions tailored to the unique needs of institutional clients. With a focus on innovation, integrity, and client service excellence, PNC IAM helps organizations achieve their financial goals and make a meaningful impact in their communities.

The Power of Philanthropy

“Philanthropy has a significant influence on the economy, locally and globally. It stimulates growth, supports innovation, and helps address societal needs. It strengthens community connection and is transformational for both those who give and those who receive. The ripple effect is inspiring.”

Trisha R. Higgins, CPA Executive Vice President and CFO

Robyn Weaver Named Program Officer, Capacity Building at LVCF

Robyn Weaver joined the staff in June 2024 as Program Officer, Capacity Building. Her primary responsibilities include implementation and co-facilitation of CORE Fellowship and identifying regional nonprofit capacity building needs and solutions.

Prior to joining the Foundation, Robyn has held various roles in racial equity and social justice centered capacity building and nonprofit programming including serving as Equity Officer for Pocono Mountains United Way and as Program Manager for Racial and Ethnic Justice at Community Action Lehigh Valley. She has also engaged with local and regional nonprofits providing contracted services including facilitation of We Interrupted, a white-affinity group with Promise Neighborhoods Lehigh Valley and developing Diversity, Equity and Inclusion learning modules for Community Action Association of Pennsylvania. Robyn currently serves as Board Chair for the YWCA of Bethlehem.

A Lehigh Valley native, Robyn's journey took her from Philadelphia to Virginia and Oregon before returning to Allentown to complete her Bachelor and Master of Social Work at Kutztown University. She also holds graduate certificates in Leadership and Management, Community Development, and Diversity, Equity, and Inclusion from Kutztown and Cornell University.

LVCF Launches MyFund: A New Era of Fundholder Access and Efficiency

LVCF successfully launched MyFund, a state-of-the-art online portal, in the fall of 2023 as part of a major technological upgrade to enhance the experience of fundholders and donors. This new platform was the forward-facing component of Foundant Technologies' CommunitySuite (CSuite), a comprehensive back-end database and accounting system designed to improve efficiency and user accessibility.

Throughout the summer and early fall of 2023, LVCF's team worked diligently to implement the new system. The MyFund portal replaced the DonorCentral platform, offering fundholders a more streamlined, user-friendly way to manage their charitable funds, request grants, and track contributions. To ensure a smooth transition, LVCF provided fundholders with step-by-step instructions, a user-friendly instructional video, and a range of support materials.

Building Futures: New Bethany’s Endowment Partnership with LVCF

Since its founding, New Bethany has been a pillar of support for those in need in the Lehigh Valley, providing services that address housing insecurity, food scarcity, and other urgent community needs. This impactful organization has partnered with the Lehigh Valley Community Foundation (LVCF) to ensure its mission remains sustainable for years to come through the establishment of three endowment funds.

Planning for the Future

In 2020, New Bethany received a generous \$400,000 bequest. Coupled with an influx of pandemic-related donations exceeding their operating budget by \$700,000, their leadership made a strategic decision: secure their future by investing a portion of these funds in an endowment with LVCF. As Executive Director **Marc Rittle** explained, “We didn’t want to just put it in a bank account. We wanted to plan for the future and emergencies.”

This foresight, encouraged by their board president, **Mike Fischer**—himself a fund holder at LVCF—enabled New Bethany to benefit from the Foundation’s expertly managed

resources. “The Community Foundation offers a secure structure, and their investment portfolio ensures steady growth while giving us access to funds when needed through board approval,” Marc noted.

The endowment fund’s impact has already been significant. In 2024, as individual giving declined and capital costs increased post-pandemic, the fund provided a lifeline. For example, when New Bethany reopened its Southside Drop-in Center after three years of curbside service, they faced unanticipated expenses like furniture replacement, appliance repairs, and dining room renovations. Thanks to the endowment, they had the resources to refresh their space and welcome their community back indoors. Additionally, New Bethany has used interest from the fund to jumpstart a capital campaign aimed at expanding their services—a testament to their strategic use of endowment funds as both a safety net and seed money for growth.

The Role of Endowment in Sustainability

New Bethany’s partnership with LVCF dates back to the early 1990s, when they established their first \$100,000 endowment. Over 30 years later, that fund continues to provide annual distributions while maintaining its principal—a powerful example of the long-term sustainability

an endowment can offer. Today, with three endowments under LVCF’s stewardship, New Bethany has clear goals for the future: maintaining fund stability, leveraging funds for special projects, and ensuring a safety net for emergencies. “We only want to use the fund when we can plan to pay it back,” Marc emphasized.

A Message to Donors

Marc urges others to consider the benefits of endowments for nonprofit sustainability. “If you’re fortunate enough to receive a large bequest or want to build savings, reach out to the Community Foundation. Their expertise in investments and nonprofits is invaluable,” he said. He also highlighted the organic exposure New Bethany gains from being connected to LVCF’s vast network of donors and supporters.

Shared Leadership

Carrie Krug Nedick, CAP®, a valued member of the LVCF team and a board member of New Bethany, serves as a bridge between the two organizations, strengthening their collaboration. Her dual role underscores the power of partnership in driving meaningful change in the community.

Ongoing Need for Support

While New Bethany’s endowments are a critical tool for sustainability, Marc reminds the community that they still depend on regular support. “Endowments are not a surplus—they’re a tool. We rely on donors to continue their support so we can meet the ongoing needs of our community.”

A Shared Vision for Impact

Through its partnership with the Lehigh Valley Community Foundation, New Bethany exemplifies how strategic planning, community collaboration, and sound financial stewardship can create a brighter, more sustainable future for nonprofits and the communities they serve.

THE MISSION | New Bethany

New Bethany offers hope and support to people who experience poverty, hunger, and homelessness. We believe that all people, regardless of circumstances, should be treated with dignity and care without judgment. No one who seeks help is turned away.

We continually strive to build a community of hope and support for those who seek help and for those who desire to make a difference in the Lehigh Valley. We address immediate needs such as food and basic hygiene, provide short-term housing solutions, and encourage long-term change that will lift individuals out of poverty through housing, case management, and employment assistance. We welcome dedicated staff, volunteers, and donors who recognize that they have an important role to play in building a community that can make a difference. Learn more: newbethany.org/

Make Your Giving Local

LVCF is here to serve the Lehigh Valley and all its people. Our knowledge of local issues and organizations and our connections across the region make us a perfect choice for donors who want to make a difference right here.

Maximize Your Impact

Drawing on our deep knowledge of the region and its nonprofits, our team can help you identify organizations whose missions align most directly with your interests. We will assist you in ensuring that you make your gifts in the way that yields the greatest tax advantage and impact.

Make Your Giving Easy

Making charitable gifts can be a joy but handling the administrative details and tax implications can be complicated. Ensure Your Legacy

We are the ideal partner for donors who are also committed to long-term impact—who want their generosity to continue to do good after they are gone. We will understand your wishes and manage your funds accordingly.

The Legacy Society recognizes and honors these donors who have made deferred gifts through their will or other planned gifts through the Community Foundation. We are grateful for their generosity and philanthropic vision and are pleased to honor and recognize them.

Linda and Elliot Sheftel

A Life Remembered: Justin's Enduring Impact through Scholarship and Awareness

Vacationing with friends in Ocean City, Maryland, **Justin Sheftel**, age 18, ran across the intersection of 77th Street and Coastal Highway around midnight. He never made it across the street. **Ben Walters**, also age 18, was speeding down Coastal Highway when he noticed people moving. The next thing he knew he heard something hit his windshield and he panicked. Not certain of what had happened, Ben drove on. Later, after he and his friends saw the blood and damage on his car, Ben returned to the scene of the accident, telling police that he was the driver. His blood alcohol level was 0.16, two times the legal limit.

"When something like that happens," says Justin's mother, **Linda**, "you're not thinking clearly. But you know instinctively that you

have to keep going, you have to keep busy. When grief comes over you like that, you'll do anything to keep from going into a dark place."

Linda and Elliot Sheftel knew that they wanted and needed to memorialize their son. They also knew that they had to do something with the many gifts that had been given in memory of Justin. Those gifts became a charitable fund at the Community Foundation with the knowledge that the philanthropic purpose of the fund could be defined specifically at a later date. "Establishing the fund was part of keeping busy," Linda states, "it helps you to move forward when you're grieving. We didn't want to forget about Justin. We wanted people to remember him and we wanted to find a nice way to do it."

The Justin Sheftel Memorial Fund's original intention was to provide scholarships to seniors at Parkland High School. Today, there are two funds – a donor-advised fund that provides grants to nonprofit organizations and a scholarship fund that provides awards and scholarships to students. Support

for the funds comes from an event tailored for Justin Sheftel – the annual Memorial Softball Tournament. The Sheftels have awarded scholarships and funding for area nonprofits totaling more than \$670,000 since it’s inception. Recent nonprofits receiving grants include Community Bike Works, The Allentown DRIVE, First Tee, and the Miracle League of the Lehigh Valley.

The Mission | To celebrate Justin by providing athletic and educational opportunities for underserved youth in the greater Lehigh Valley.

In 2025, the 21st annual Justin Sheftel Memorial Softball Tournament will be held on June 14. It is an event whose energy surprises even Linda. “We’ve had wonderful community support and involvement,” she says, “for many years Steve Carlton was part of tournament, it’s very exciting to have him participate.

In addition to the tournament, Linda educates teenagers about the devastating effects of underage drinking and drunk driving on drivers, victims, and their families. Over the years, Linda, Ben Walters, and Ben’s mother, Cynthia, presented talks to students in high schools in Pennsylvania and Maryland. More than 120 school presentations have been completed since that first year.

“Justin was an unassuming kid,” Linda recalls. “He was quiet, but he had a sense of humor and was funny. He took honors classes, but even if he knew the answer to a question he wouldn’t raise his hand. He didn’t want to dominate. He was a good student and looking forward to attending Washington University in St. Louis, where he was hoping to play baseball.”

Donor-Directed Grantmaking

Through individual donor-directed funds, LVCF makes grants to meet a wide range of needs. Donor-directed funds include donor-advised funds, designated funds, scholarship funds, award funds, and certain area-of-interest funds. Foundation-Directed Grantmaking & Community Leadership

LVCF integrates Community Leadership into our foundation-directed grantmaking approach. In the community foundation sector, Community Leadership is defined as creating a better future for all by addressing critical challenges and seizing opportunities. This means inclusively uniting people, institutions, and resources to achieve meaningful, widely shared, and lasting results. Gifts to the [Community Investment Funds](#) and the [Lehigh Valley Forever Fund](#) generate the unrestricted dollars that make this work possible.

In the 2023-2024 fiscal year, the Community Foundation continued to focus its foundation-directed grantmaking on three major areas: capacity building, early childhood education, and arts, culture, and the creative economy.

This approach reflects our commitment to addressing significant community needs while remaining flexible to adapt over time. For instance, in FY 2023, our youth and family grantmaking evolved to prioritize early childhood education and care in FY 2024. This ongoing adjustment ensures our grantmaking aligns with what we learn, emerging community needs in the Lehigh Valley, and donor interests.

While the Leadership Grantmaking platform emphasizes these key areas, we remain dedicated to supporting other donor-defined priorities and responding to broader community challenges. These efforts underscore our commitment to creating lasting impact and addressing the diverse needs of the region (see [Support Grantmaking](#)).
